PRAMAC IBERICA, S.A.

PRAMAC IBERICA, S.A.U.
Tax ID Number: A50204395

The PRAMAC Group is one of the world's largest manufacturers of generators and maintenance products. In May, 2001, the firm acquired the Spanish company GMI, one of the biggest European producers of high voltage generators (up to 2,000 KVA) and a provider of complete lines of applications for any professional need. The company is located in the Murcia-San Javier highway, in Torre Pacheco. The firm has become an intercontinental group with an international network in 16 countries and operations throughout the world. Currently, PRAMAC Group employs approximately 700 workers. Production process quality has been certified according to ISO 9001 and 14001 standards.

Key Differentiating Features

Products

The resource of this report item is not reachable.

i-Ton Pallet Truck made of Ultra Light and Resistant Plastic
Raising, transport and maintenance equipment
Código Taric: 84279000
TARIC Denomination: Works trucks fitted with lifting or handling equipment, not self-propelled

The resource of this report item is not reachable.

Scissor Pallet Truck
Raising, transport and maintenance equipment
Código Taric: 84279000
TARIC Denomination: Works trucks fitted with lifting or handling equipment, not self-propelled

Hand Pallet Trucks
Raising, transport and maintenance equipment
Código Taric: 84279000
TARIC Denomination: Works trucks fitted with lifting or handling equipment, not self-propelled

The resource of this report item is not reachable.

INOX Hand Pallets Scale and Normal
Raising, transport and maintenance equipment
Código Taric: 84279000
TARIC Denomination: Works trucks fitted with lifting or handling equipment, not self-propelled

Elevator Pallet Trucks (GX12 series)
Raising, transport and maintenance equipment
Código Taric: 842710
TARIC Denomination: Self-propelled trucks fitted with lifting or handling equipment, powered by an electric motor

Electric Pallet Trucks (CX12 Series)
Raising, transport and maintenance equipment
Código Taric: 842710
TARIC Denomination: Self-propelled trucks fitted with lifting or handling equipment, powered by an electric motor

POWERMATE Series Portable Generator
Generators and generator components
Código Taric: 850220
TARIC Denomination: Generating sets with spark-ignition internal combustion piston engine

S and ES Series Portable Generator
Generators and generator components
Código Taric: 850220
TARIC Denomination: Generating sets with spark-ignition internal combustion piston engine

Portable Genset POWERMATE Series
Generators and generator components
Código Taric: 850220
TARIC Denomination: Generating sets with spark-ignition internal combustion piston engine

Products

Generator Soundproof and Open
Generators and generator components
Código Taric: 850220
TARIC Denomination: Generating sets with spark-ignition internal combustion piston engine

PRAXIO Series Portable Generator
Generators and generator components
Código Taric: 850220
TARIC Denomination: Generating sets with spark-ignition internal combustion piston engine
