

PRODUCTOS CITROSOL, S.A.

Tax ID Number: A96377437

This firm has over 40 years of experience in post-harvest fruit treatment, and throughout the years it has protected and waxed over 16 million tons of citrus fruit. Citrosol's main objective is to lengthen the life and natural quality of the best fruit, citrus fruits and vegetables until they are eaten. Currently, each year "Citrosol products" defines more than 1 million tons of citrus fruits and several hundred thousand tons of pears, lemons, kiwis and apples. The firm has several representatives in foreign countries, in Greece, Morocco, Argentina, Brazil, Turkey, South Africa, China, Peru, Egypt, Lebanon, as well as three national representatives in Andalusia, Murcia and Castellon, with several distributors throughout Spain. The latest technology is used for every product, while totally new products have been developed, such as natural wax, plant-derived wax and specific new formulas to serve the needs of every customer.
