Activity: Manufacturer, Services

Turnover: From 300,000 euros to 600,000 euros

Employees: From 5 to 9

Manufacturing Process

Our company devotes itself to the assembly and distribution of packings of carton for fruits, vegetables and citrus fruits facilitated by our supplier of carton S.A.E. of Corrugated cardboard. The process begins with the receipt in our factory of the above mentioned packings " without mounting ", being deposited in the corresponding zone of storage to the wait of the order of the client. Once us the above mentioned order has been effected, we proceed to the assembly of the requested packings, with tails of plaster (hotmel) in the diverse automatic machines that we possess for every type / model of packing. The already mounted packing is placed in palets of wood and is positioned to the wait of being loaded in our vehicles for his final delivery on the client.
