

BODEGA MONASTRELL, S.L.

BODEGA MONASTRELL

Tax ID Number: B73211294

We have created a new winery to enjoy oneself.

A place where new dreams and great wines are born.

It is equipped with modern and traditional technology, in order to maintain the excellent grapes which are harvest year after year.

We have the means to create special wines for those who wish to enjoy them with us.

You will find us in a unique vineyard.

The Aceniche valley in Bullas gives us the best conditions to grow grapes each year.

Its climate conditions (Annual rainfall: 350-450mm, Temperature fluctuation in summer > 25°C) and soil properties (Altitude: 850-900m, texture, anchorage capacity, drainage and nutrient contents), gives us grapes with excellent enological properties in each variety which is cultivated on our estate.

We offer nice wines, mature and tasty.

Jewels to share.

All of them have the spirit and nature of our rich environment.

Our wines are made based on the MOURVEDRE-MONASTRELL variety as an historic symbol and future of our area. They are a result of a careful grape selection in vineyard at harvest time and organoleptic checks in the cellar all year round.

Manufacturing Process

has a unique flavour, with a hint of Coppice herbs, a red fruit touch and an excellent level of acidity. The extract, a key factor when assessing the personality of great red wines, is perceived through its volume and its characteristic bitter touch, which leaves a glint of originality in the mouth, accompanied by a rich fruity expression. Our wines are harmonious, and their aftertaste invites to go on drinking.

NOTE OF WINEMAKING.

- Red Wine blend: 76%monastrell, 12%tempranillo and 12%petit verdot.
- 100% estate grown vintage 2007.
- Harvested by hand the selected grapes proceeding from old vines, cultivated in unique vineyard in Aceniche's valley, altitude between 850-900m, sunshine 3.000 h/year and rainfall 350mm.
- Date of vintage: First and second weeks of october 2007.
- Winemaking process: The red grapes were de-stemmed and put into fermenters, either have a capacity of eight tonnes with cooling system. The temperature was monitored during fermentation (10 days) to keep at around 24-25°C; Total skin contact 21 days. Pressed and spontaneous immediate malolactic fermentation.
- Aging during 10 months into new french and hungarian 225L. oak barrels.
- Bottled in march 2009.

TASTING NOTE.

o View: High intense blue-red bluish alive and brilliant, in spite of being submitted neither to treatments or filtrations.

o Smell: Great aromatic intensity and complexity. Shows ripe fruits and menthol character in conjunction with fine notes contributed by its aged in barrel: toffee, vanilla and sweet spices.

o Taste: This is a full-body wine with a unique personality, demonstrating complexity and intense varietal. Soft and rich, but possessing a refreshing acid structure, with a medium-bodied palate framed by fine tannins. Great fruit complexity with subtle toasty oak. It is a too tasty wine, by its complexity and full persistence takes you to pleasant memories. It's a round and balanced coupage.
