S.Q.A.

Tax ID Number: B30562813

This company was founded in 1997 and is dedicated to applying the newest information technology, software engineering and management techniques for large projects, supporting regional development in the production sector for the government as well as the corporate environment. The firm's business activity has spread quickly throughout the Mediterranean Arc due to the success of its product line for automation of knowledge evaluation programs such as Exaplus, ExaplusWeb and ExaplusOP, with an increasing number of universities as clients. The corporate structure is organized into technology, Versas and consulting divisions.
