CEPAS DEL ZORRO

Tax ID Number: F30009609

Settled in Bullas, the origin of this nineteenth century winery. Since around 1950, was established as a cooperative. It currently has about 200 growers, with a vineyard area of around 450 hectares, faithfully maintaining the tradition of quality.

The grape varieties grown are: Macabeo for white wines, and Monastrell, Tempranillo, Garnacha and Shyrh for reds.

Our vineyards are spread throughout the municipality of Bullas, located in the northwest of the Region of Murcia, in the most mountainous of the province, at an altitude between 600 and 900 meters above sea level, so we have a cool summers and cold winters, with a rainfall of 250-350 mm. terrenossos anuales. Los arcilloarenosos, with some limestone, which produces a special microclimate for growing grapes, providing our wines personality and distinguishing characteristics compared to similar varieties from other areas.

Today we have modern facilities to achieve the best results in the production, aging and bottling of wines.

The fruits of combining tradition with new technologies, are wines of great personality, intense color, aroma and flavor, equipped with unmistakable character of a historic area and vocationally vineyard cultivation..
