

CERVANTES COLLEGE ARVEMAR, S.L.

CERVANTES COLLEGE

Tax ID Number: B73814345

CERVANTES COLLEGE is a Spanish language School teaching Spanish as a foreign language. We offer Spanish courses at all levels and for all needs. We offer as well as a complement , different cultural, gastronomic and leisure activities, sports (including adventure sports and water sports for the enthusiast of the sea), tourism of well-being (spas, natural thermal waters...) etc.

Cervantes College is located in Murcia city. Our aim is for our students to get involved in the local culture and city life while easily learning Spanish and practicing it in their daily lives. Spanish lessons are the necessary support to reach this target and we do it using a very practical approach. For example, a teacher will help students with with any specific doubts that they may have when it comes to writing, grammar or speaking. Teachers will also give tips on how to overcome any language difficulties and use of the Spanish language in new situations. All in all, the idea of learning by doing.

We are committed to provide excellence and the highest quality learning. We firmly believe this is the only way for our students to reach the necessary language skills to become fluent in Spanish and reach your academic, professional or personal targets.

Unlike other languages schools, our activities are not just organized for our foreign students. We want our students to get involved in local activities, groups and clubs that already exist. Practice is the best way to learn a language, talking to other people, making new friends, having fun.... Let us know what you like to do and we will find the perfect program for you!

Our philosophy: a nice and welcoming environment where you feel at home. We want you to get the most out of your stay by learning and having fun, we want you to feel at home in the city!

We firmly believe in sustainability, environmental friendliness and quality. We have an environmentally friendly philosophy and the proof is in the pudding: most of the materials and furniture in our schools are recycled, during the day the school is bathed in natural light and in the evenings we use energy-saving bulbs;

Cervantes College premises are perfectly addapted and accesible for ALL our student to feel comfortable whatever their needs are. We provide as well accommodation and organize sports and outdoors activities for students with disabilities.
