Manufacturing Process

100% Handmade

The creation of each product is carried out entirely in Spain in professional workshops, 100% handmade with special care, using quality fabrics and true to our concept of quality guarantee. We support local industries and we believe that the close relation between the designer and the artisan results in distinctive and superior products.

Key Differentiating Features

Made in Spain

All our products are made in Spain, cautious of each single detail. The textiles we are using comply with the Regulation on Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) of the European Union. All our effort is put into using the best materials, with the aim of making long-lasting products that you will enjoy for many years. In this way we cherish our past and preserve our future.
