Tax ID Number: B83733865

This company is a leader in the fruit juice industry within Spain. Since 1991 it belongs to the European corporate group Hero-Schwartau, which has enabled it to incorporate advanced technology in the food industry. The company is committed to offering clients high quality products which contain the natural properties of fruit. Along with its own business objectives and those of the Hero-Schwartau group, the firm takes measures to protect the environment. To accomplish this, facilities are subjected to continual natural resource optimization measures. Through "green point" centers, the firm participates in recycling containers and packaging, using materials that do not pollute and selecting suppliers who share this philosophy. Juver's goal is to help preserve the natural environment and the primary material used, in this case fresh fruit, for generations to come. A specialized, professional team of personnel performs daily research on meeting customer needs and offering products which contain the maximum amount of original properties and vitamins found in fresh fruit.
