Tax ID Number: B30721245

The origins of MERCURIO GROUP come from ASTILLEROS MERCURIO PLASTICS, founded in 1997 with the aim of building and repairing small boats made of polyester reinforced with fiberglass.

Due to strong competition from similar shipyards, decided to enter the new market for farmed vessels and the multiservice vessel, highlighting those for wind farms. They specialize in catamarans and monohulls rather than develop a special design with three bows. With a special composite structure, their ships can navigate very rough seas, carrying large loads and operate large cranes.

They work with the owners to understand their operational problems. With adaptation know the needs of their owners.

At this time, MERCURY GROUP comprises two companies:

ASTILLEROS MERCURY PLASTICS, SL Shipbuilding specialists in composite materials and performance of works in GRP.

ASTILLEROS CARTAGENA, SL Varadero travel lift 250 tons. maintenance and repair of vessels. Official Service of brands like MAN, ZF, CUMMINS DIESEL O Sole boats. Official distributor of brands like MAN, ZF Mariner, Yanmar, etc..
