

## EUROGRANIZADOS, S.L.

Tax ID Number: B73099137

Family-owned company, with more than 80 years of experience. At present, the company is managed by this family's third generation.

We developed, five years ago, a brand new range of products: bottled iced drink. Thanks to this innovative product, never manufactured before, we are leader in the Spanish market. Our best client is MERCADONA, S.A. (well-known Spanish chain of supermarkets, with 700 high standard outlets). We handle the best juices in the area. EUROGRANIZADOS, S.L., turns over 250 million pesetas with this product. We have built an automated plant for the production of 3,000 litres per hour, meeting all the EU health standards and regulations. At this moment, there is not any other plant exclusively involved in such production.
