

KOPPERT ESPANA , S.L.

Tax ID Number: B30557284

Located in Aguilas, Murcia, this firm works in biological crop protection and natural pollenization. The company has an international reputation for reliability, innovation and flexibility. Customer satisfaction is considered an essential aspect of corporate policy. A reliable biological system allows farmers to apply convenient solutions in crop protection. Optimal quality is therefore essential in all products. The main headquarters have been in operation since 1967, located in the Lower Countries, where more than 200 employees work in production, sales, logistics, consulting and research. The firm has branch offices for sales and/or production in several countries, including Spain.
