

LABORATORIOS GRIFOLS, S.A.

Tax ID Number: A58852617

Laboratorios Grifols is part of the industrial Group Grifols. The company¿s history began in 1940 with the foundation of Laboratory Grifols in Barcelona, functioning as a clinical and biological research center as well as a center for the development of reagents and therapeutic products. Within the group, Laboratory Grifols performs all research, development and production of I.V. therapy, parenteral and enteral products as well as enteral nutrition and blood bank supplies. The firm¿s two production plants cover an area of 15,000 m2 and are located in Barcelona and Murcia. Both plants are equipped with leading technology and a highly experienced team of personnel. As a pioneer in adopting GMP standards, the facilities at Laboratorio Grifols are highly qualified for their ISO-9001 (TUV) certification, obtained by the implementation of a complete Quality System under CE and EN 46001 standards.
