

COOPERATIVA DEL VINO DE YECLA "LA PURISIMA", S.C.L.

BODEGAS LA PURISIMA

Tax ID Number: F30005193

Bodegas La Purísima is a cooperative with the reputation of an international wine producer, since our wines are enjoyed in over 30 countries. We are a young, modern, led by a woman, María Teresa Ruiz González.

We are a young team, and incorporating technical sales representatives, international advisory, oenologists and a marketing team, whose shared goal is to produce the best quality wines of Yecla.

Since 1946, Bodegas La Purísima has selected and transformed the fruit of the best vines in order to create the GREAT WINES OF YECLA. A commitment to quality, innovation and tradition in wine-making, recognised by way of numerous international awards and the trust of thousands of customers around the world.

Bodegas La Purísima was founded in 1946 by several farmers who joined forces in order to improve the quality of Yecla wines. Their determination and desire to produce great wines finally led, in 1975, to their receiving the Denomination Origin title.

Bodegas La Purísima currently has 3325 Ha of vines, representing around 60% of the Yecla Denomination of Origin area..

At Bodegas La Purísima, we have almost 100 Ha of ungrafted Monastrell vines, authentic vines which have grown on our land without being planted, bearing witness to the vines of our predecessors and providing us with authentic wines impregnated with the essence of our land.

Monastrell is the variety which is best suited to our land, as it can grow in poor, arid soils, and is resistant to hot, dry summers. Other varieties such as Airen, Tempranillo, Merlot, Cabernet Sauvignon and Syrah are also cultivated.
