

JUMSAL, S.A.

JUMSAL

Tax ID Number: A30012413

Jumsal S.A. is a company incorporated in 1968 and domiciled in Jumilla, Murcia. Its corporate purpose is the production and commercialization of all types of high quality food salts through the exploitation of the salt diapir of its property.

The company has four wells in operation for the production of saturated brine at 24 ° Bé (more than 1000 cubic meters per day). This is a dissolution process in the mine, injecting fresh water in depth and dissolving the salt present in the diapir. Cavities are formed from which the brine is subsequently extracted for its solar evaporation in ponds or evaporation in a high-tech thermo-compression plant. Jumsal has an annual productive capacity of approximately 100,000 Tm, of which 20% is sold in international markets. The technical department of the company has developed and participated in different projects abroad.
