BODEGAS OLIVARES

Tax ID Number: B30216501

Pascual Olivares Fernández began producing small quantities of wine in 1930 to supply his region; the genesis of today's Olivares family winery.

Our love for Jumilla's harsh, beautiful landscape feeds our passion for wine and its production. That passion moves us to create natural, unique wines; wines that faithfully represent our region's singular terroir.

We elaborate our wines from our estate, Hoya de Santa Ana. 275 Has of vineyards situated at the highest elevation (825m) of the appellation and a fortuitous combination of sandy soils with a high percentage of chalk. Our most important asset at Hoya de Santa Ana is our 110 hectares of ungrafted Monastrell vines, giving the wines great complexity and concentration.

Manufacturing Process

The transformation of our prized Monastrell into wine is as natural process as possible. We harvest all grapes by hand and then allow fermentations to proceed with only wild yeasts; a process that preserves the grape's character without masking it.
