

**ACEITUNAS KARINA S.L.**

ACEITUNAS KARINA

Tax ID Number: B30106462

ACEITUNAS KARINA, S.L. is a familiar company dedicated to the manufacture and marketing of olives and pickles since 1975. Over years, we have worked to obtain the highest quality in our products, quality reflected in our two brands, KARINA and CORREDOR.

Our facilities are located in the municipality of Alcantarilla (Murcia), with a total area of 15000m2. Our main product is the manzanilla fina sevillana, a very appreciated olive variety due to its pulp and flavour. It's especially important our green olive stuffed with anchovy, although we offer a wide variety of stuffing such as pepper, lemon or tuna. All of our manufactured products are pasteurized, in glass and tin packed, to ensure a better transport and health, as well as the best quality from origin to destination.

During our extensive experience, ACEITUNAS KARINA has increased its product range, thanks to the research and development of themselves. We currently have a wide variety of olives and pickles to satisfy the most demanding customers.

ACEITUNAS KARINA distributes its products to national market and international countries such as United Kingdom, France, Germany, Poland, Cuba, Australia or Russia. Our growth lead us to a clear purpose: to increase the presence of our products in national and international market.

ACEITUNAS KARINA is also concerned about the environment. In 2003 we completed the installation of Waste Water Treatment Plant by evaporation, the first one in the European Community with Israeli technology. In 2004, the Murcia City Council awarded ACEITUNAS KARINA with the 'AWARD FOR ENVIRONMENTAL EXCELLENCE'.

ACEITUNAS KARINA is a company in expansion, so we seek the support of companies like yours to offer the best service and attention to our customers.

More information can be found in our website www.aceitunaskarina.es

We would be delighted to answer any particular question about our products.
