

BODEGAS Y VIÑEDOS CASA DE LA ERMITA, S.L.

CASA DE LA ERMITA

Tax ID Number: B30566194

Casa de la Ermita was founded in 1999, stemming from a project set by a family whose past has always been linked to agriculture. Our cellars and their vineyards are situated in El Carche, within the range of one of the highest mountains in the whole of the region of Murcia, which is also a Protected National Park.

The cellar, surrounded by our vineyards, is situated at more than 700 metres above sea level, where floral and animal wildlife live in harmony in an atmosphere not easily found. It has a park of 4,200 barrels of 225 litres each, three pneumatic presses, cooling kit, bottling machine for 5,000 barrels per hour, and deposit capacity for 2,500 thousand litres.

Manufacturing Process

Grapes enter to the cellar at a height of 8 metres, and the vinification process profits of gravity. Elaboration process takes between 10 and 15 days (under controlled temperature) achieving complex and taste wines, with a good acceptance for ageing.

Key Differentiating Features

Best wine will only be achieved if the grapes are cared for from the start. Casa de la Ermita has its own vineyards cultivated under the observation of our technicians, so as to achieve the best grapes grown in Jumilla. Although the best known variety in the area is Monastrell, Casa de la Ermita has made a name for itself thanks to the adaptation and successful use of other varieties such as Petit Verdot, Merlot, Syrah, Cabernet Sauvignon, and we have experimented with a further 30 varieties from all over the world.
