OLIMENDROS, S.L.

Tax ID Number: B30539621

Olimendros farm is located in the Cañada de la Albatana, in Jumilla, in the North-west of the province of Murcia, half-way between the Manchegan meseta and the Mediterranean seashore.

There are many important factors which determine our crops: altitude, (about 600 meters high above sea level), Continental Mediterranean climate, midday orientation and calcareous soil, with slightly high pH.

Olimendros elaborates four different olive oils: Arbequina, Picual, Cornicabra and Cuquillo

Olimendros has been able to adopt a production traceability system thanks to both, the fact that an specific olive variety is cultivated in each plot and the application of Regulations on integrated production.

The whole Olimendros Extra Virgin Olive Oil is analyzed by a qualified chemical laboratory which observes the Region of Murcia Tasting Panel. They are in charge of issuing a tasting certificate of each oil variety.
