

UNIVERSAL DE EXTINTORES, S.A.

UNIX

Tax ID Number: A30011522

Founded in 1967, UNIVERSAL DE EXTINTORES, S.A., UNIX, focused from the beginning on the manufacture, sale and maintenance of fire extinguishing products, emphasizing the development of differentiable elements based on quality and innovation when compared with other supplier. As a result, it was the first company to manufacture ABC multi-purpose powder in Spain, as well as manufacturing the first self-checking manometer with its own patents. This company has branches all over Spain and a major presence in the international market. AENOR, the only certifying agency in Spain, has certified its quality.
