ALMAZARA LUIS HERRERA
Tax ID Number: 22297955F

Company located in Jumilla, Murcia. For decades, it has been dedicated to manufacturing extra virgin olive oil, available cooled and as the first extraction from the firm's own trees, certified as organically grown. The method used for oil extraction is called the traditional system, crushing olives with granite rollers and extracting the oil with basket presses. The first oil extracted, called tear or flower oil, is created before pressing in a natural process. The product range encompasses Extra Virgin Olive Oil (coupage with varieties of olives from Jumilla), first extraction tear olive oil, Organically Produced Extra Virgin Olive Oil (Arberquina). Olive oil manufacturing is supported by limited production and certified processes.
