Manufacturing Process

We handle more than 500 tons of fresh product annually in our production chains.

Our main values are the team work in a family business and the quality of the process.

In our modern production chains, we manufacture our products in several packaging systems for the food sector, mainly:

- FROZEN GARLIC PASTE
- REFRIGERATED GARLIC PASTE
- UHT GARLIC PASTE
- SWEET PAPRIKA POWDER. (BIOLOGICAL)
- SMOKED PAPRIKA POWDER.
- OLEORESIN PAPRIKA
- CAYENE, CHILI POWDER.
- SAFFRON

Key Differentiating Features

- More than 100 years in the food market.
- Manufacturing 100% Natural products. Our raw material comes strictly from the spanish fields, it means high quality final products and a big control of the process from the field to the final product (trazability).
- Our products are colouring and preservatives free. No citric Acid.
- Best quality @ best prices.
