Manufacturing Process

Equipped with machinery for the production and filling of fluid products of varying viscosity for both cold and hot production and different packaging.

Key Differentiating Features

Wide range of products and packaging which has evolved according to the tastes and requirements of the different markets where it operates in.

PRODUCTS

Apart from the ambient sauces, pickles and canned vegetables and fruits, new product categories have been launched as part of its diversification strategy: chilled sauces and the range of sweets sauces, jams and ice-cream toppings.

PACKAGING

Wide range from single portions to industrial tanks, include jars, plastic bottles, jerry-cans and buckets, pouches as well as cans, thus covering all the needs of the different sales channels: industry, retail and food service.

Complete service: identifying customers, specific needs, product development, packaging and labeling customization, supply chain,

production and transport.
