

BIO MER COSMETICS, S.L.

Tax ID Number: B73829319

Located in southeastern Spain, in the Region of Murcia, Bio Mer offers high natural cosmetics for saloon and SPA that contain algae extracts from the Mar Menor and medicinal plants, whose biomolecules have demonstrated efficacy in numerous scientific studies. In order to achieve this, the integrity of the biomolecules is checked during removal after careful industrial processing. We comply with the stringent national and international regulations on industrial production of natural cosmetics. Also, we collaborate with scientists of the University of Murcia.

The waters of the Mar Menor have a recognized therapeutic value, due to its salinity and mineralization. Therefore, we have used the properties of the particular composition of its aquatic flora, making this exceptional sea our unique hallmark.

We rely on the pursuit of excellence in natural cosmetics with the highest quality respecting nature and humans.

We work through innovation and research to draw from nature biomolecules with better properties that suit your skin. Thus, we strive to get the skin reflect your beauty and health, to achieve the harmony of body and mind.
